## **The Agitator**

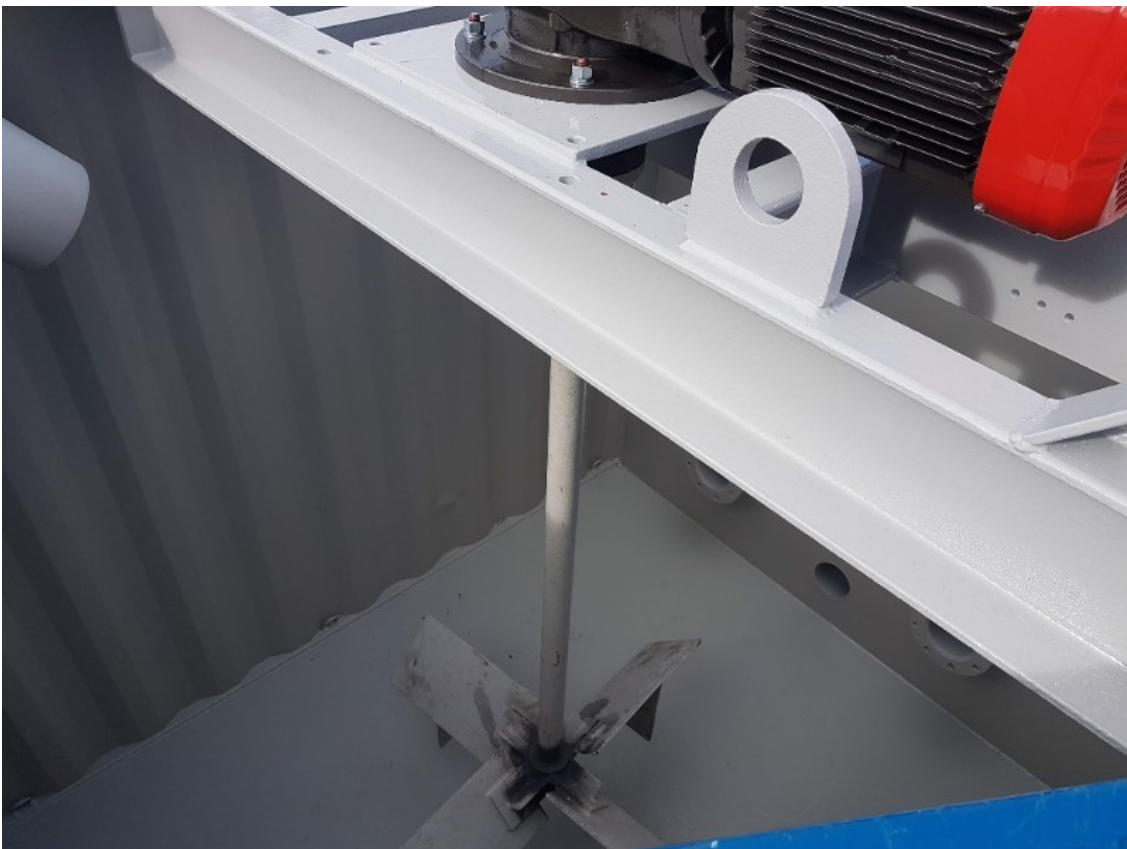

### **Summer Holiday Opening Hours**

Western Engineering Ltd will be closing for the 2018/2019 summer holidays on Friday Dec 21st and open again on Monday Jan 14th. If you require any emergency spares or service during our closed period please contact us via cell phone or email.

### **Shipping Container Mixer Package**

We recently completed an interesting project for a client. We converted one end of a 20' shipping container into a tank complete with mixer and the other end into a pump room to create a transportable unit for aiding with the separation of solids from water resulting from hydro excavation activities.

Mixtec / Western Engineering - more than just mixers. Contact us to discuss your project requirements.
